Attention: Jaskaran & Macie Sangha, Owner

**RE: Happy Time, Public Water System No. 5103007 – Citation No. 21-16C-013 for
Exceedance of the Bacteriological Maximum Contaminant Level in April 2016.**

Enclosed is a citation issued to the Happy Time (Water System). The citation is being issued because the Water System failed to achieve the drinking water standard for total coliform bacteria during April of 2016. Please read this citation carefully. Public notification is required to inform consumers that the standard was not achieved during this time period.

Note that Section 116577 of the California Safe Drinking Water Act provides for the Division to be reimbursed by the Water System for costs incurred for preparing and issuing a citation. In accordance with Section 116577, the Water System will be billed for the preparation and issuance of this citation.

If you have any questions regarding this matter, please call Paul Rowe at (530) 224-4866 or me at (530) 224-4861.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Crenshaw".

Reese B. Crenshaw, P.E.
Valley District Engineer
Drinking Water Field Operations Branch

15 **Issued:** April 27, 2015
16 VIA CERTIFIED MAIL
17

18 **CITATION FOR NONCOMPLIANCE**
19 **With Title 22 California Code of Regulations**
20 **Section 64426.1(b)**
21

22 Section 116650 of the California Health and Safety Code (CHSC) authorizes the
23 issuance of a citation for failure to comply with a requirement of the California Safe
24 Drinking Water Act (CHSC, Division 104, Part 12, Chapter 4, commencing with
25 Section 116270), or any regulation, standard, permit, or order issued thereunder.
26

1 The State Water Resources Control Board (hereinafter "State Board"), acting by and
2 through its Division of Drinking Water (hereinafter "Division") and the Deputy Director
3 for the Division, hereby issues a citation to Happy Time for failure to comply with
4 Section 64426.1(b), Title 22, of the California Code of Regulations (CCR).

5
6 **APPLICABLE AUTHORITIES**

7 Section 116650 of the CHSC states:

8
9 *(a) If the Department determines that a public water system is in*
10 *violation of this chapter or any regulation, permit, standard, citation,*
11 *or order issued or adopted thereunder, the department may issue a*
12 *citation to the public water system. The citation shall be served*
13 *upon the public water system personally or by certified mail. Service*
14 *shall be deemed effective as of the date of personal service or the*
15 *date of receipt of the certified mail. If a person to whom a citation is*
16 *directed refuses to accept delivery of the certified mail, the date of*
17 *service shall be deemed to be the date of mailing.*

18
19 *(b) Each citation shall be in writing and shall describe the nature of the*
20 *violation or violations, including a reference to the statutory*
21 *provision, standard, order, citation, permit, or regulation alleged to*
22 *have been violated.*

23
24 *(c) A citation may specify a date for elimination or correction of the*
25 *condition constituting the violation.*
26

1 (d) A citation may include the assessment of a penalty as specified in
2 subdivision (e).

3
4 (e) The department may assess a penalty in an amount not to exceed
5 one thousand dollars (\$1,000) per day for each day that a violation
6 occurred, and for each day that a violation continues to occur. A
7 separate penalty may be assessed for each violation.

8
9 Section 64426.1 (b), Title 22, of the CCR states:

10
11 (b) A public water system is in violation of the total coliform
12 maximum contaminant level (MCL) when any of the following
13 occurs:

14
15 (1) For a public water system which collects at least 40
16 samples per month, more than 5.0 percent of the
17 samples collected during any month are total coliform-
18 positive; or

19
20 (2) For a public water system which collects fewer than
21 40 samples per month, more than one sample
22 collected during any month is total coliform-positive; or

23
24 (3) Any repeat sample is fecal coliform-positive or *E. coli*-
25 positive; or
26

1 (4) Any repeat sample following a fecal coliform-positive
2 or *E. coli*-positive routine sample is total coliform-
3 positive.
4

5 **STATEMENT OF FACTS**

6 The Happy Time domestic water system (System) is classified as a transient
7 noncommunity water system serving approximately 40 persons per day. In
8 accordance with Section 64423 of Title 22, the System is required to collect one
9 routine bacteriological sample per quarter, unless there was a positive
10 bacteriological sample the previous month, in which case, five routine bacteriological
11 samples are required. On April 19, 2016, the System collected one routine sample
12 from the distribution system, which contained total coliform bacteria. Four repeat
13 samples were collected on April 20, 2016. Consequently, all four repeat samples
14 showed the presence of total coliform bacteria. The cause of the contamination was
15 most likely through a broken vent pipe on the well head. No sample discussed
16 herein was positive for *E. coli*.
17

18 **DETERMINATIONS**

19 The Division has determined that the System violated Section 64426.1(b)(2), Title
20 22, of the CCR, in that the System exceeded the total coliform MCL during the
21 month of April 2016.
22

23 **DIRECTIVES**

24 The System is hereby directed to take the following actions:

- 25
- 26 1. Comply with Section 64426.1, Title 22, of the CCR in all future monitoring
27 periods.

1
2 2. **Within 30 days** of the issuance of this Citation, provide public notification in
3 accordance with **Attachment 'A'**, to all persons served by the System of the
4 MCL violation as required by Section 64463.4 and Section 64465, Title 22, of
5 the CCR. Notification shall be completed in accordance with the following:

6
7 (A) Provide the notice by posting in conspicuous locations throughout the
8 area served by the water system.

9
10 3. Changes and/or modifications to Attachment A shall be not be made unless
11 approved by the Division.

12
13 4. Complete and return **Attachment 'B'** "Certification of Completion of Public
14 Notification" form **within 10 days** of giving public notice. A copy of the notice
15 used to provide public notification shall be attached to the form.

16
17 The completed and signed copy of Attachment 'B' shall be submitted to the following
18 address:

19
20 Reese B. Crenshaw, P. E.
21 Valley District Engineer
22 Drinking Water Field Operations
23 Division of Drinking Water
24 State Water Resources Control Board
25 364 Knollcrest Drive, Suite 101
26 Redding, CA 96002
27 (530) 224-4800
28

1 Nothing in this Citation relieves the System of its obligation to meet the requirements
2 of Health and Safety Code, Division 104, Part 12, Chapter 4 (California Safe
3 Drinking Water Act), or any regulation, permit, standard or order issued or adopted
4 thereunder.

5
6 The Division reserves the right to make such modifications to this Citation, as it may
7 deem necessary to protect public health and safety. Such modifications may be
8 issued as amendments to this Citation and shall be effective upon issuance.

9
10 **FURTHER ENFORCEMENT ACTION**

11 The California SDWA authorizes the State Board to: issue citation with assessment
12 of administrative penalties to a public water system for violation or continued
13 violation of the requirements of the California SDWA or any permit, regulation,
14 permit or order issued or adopted thereunder including, but not limited to, failure to
15 correct a violation identified in a citation or compliance order. The California SDWA
16 also authorizes the State Board to take action to suspend or revoke a permit that
17 has been issued to a public water system if the system has violated applicable law
18 or regulations or has failed to comply with an order of the State Board; and to
19 petition the superior court to take various enforcement measures against a public
20 water system that has failed to comply with violates an order of the State Board. The
21 State Board does not waive any further enforcement action by issuance of this
22 citation.

23
24 **PARTIES BOUND**

25 This Citation shall apply to and be binding upon the System, its officers, directors,
26 agents, employees, contractors, successors, and assignees.

SEVERABILITY

The directives of this Citation are severable, and Happy Time shall comply with each and every provision thereof notwithstanding the effectiveness of any other provision.

Reese B. Crenshaw, P.E., District Engineer
Valley District
Drinking Water Field Operations Branch

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Este informe contiene información muy importante sobre su agua potable.

Tradúzcalo o hable con alguien que lo entienda bien.

The Happy Time water system did not meet Bacteriological Drinking Water Standards in April of 2016

Our water system violated the bacteriological drinking water standard in April of 2016. As our customers, you have a right to know what you should do, what happened, and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. We took five (5) samples to test for the presence of coliform bacteria during April of 2016. All five samples showed the presence of total coliform. The standard is that no more than one (1) sample per month may have total coliform.

What should I do?

- **You do not need to boil your water or take other corrective actions.** This is not an emergency; if it had been, you would have been notified immediately.
- Usually, coliforms are a sign that there could be a problem with the treatment or distribution system (pipes). Whenever we test for total coliform bacteria in any sample, we also test to see if other bacteria of greater concern, such as fecal coliform or *E. coli*, are present. **We did not find E. Coli bacteria in our testing.**
- People with severely compromised immune systems, infants, and some elderly may be at increased risk. These people should seek advice about drinking water from their health care providers. General guidelines on ways to lessen the risk of infection by microbes are available from U.S. EPA's Safe Drinking Water Hotline at 1(800) 426-4791.
- If you have other health issues concerning the consumption of this water, you may wish to consult your doctor.

What happened? What is being done?

In April of 2016, five water samples had tested positive for total coliform organisms. The cause of the positive total coliform result is believed to be through a broken vent pipe on the well head. During the week of April 25, 2016, the water system well and distribution system was chlorinated and flushed by our operator, and follow-up samples are scheduled to be collected on Monday, May 2, 2016.

For more information, please contact Jaskaran & Macie Sangha @ 530-713-8008

State Water System ID#: 5103007

CERTIFICATION OF COMPLETION OF PUBLIC NOTIFICATION

This form, when completed and returned to the Division of Drinking Water (364 Knollcrest Drive, Suite 101, Redding, CA 96002 or fax to 530-224-4844), serves as certification that public notification to water users was completed as required by the California Water Quality and Monitoring Regulations. Completing public notification and providing the Division with certification is important. Failure to do so will result in additional hourly time charges to your water utility and may result in a formal enforcement action with monetary penalties.

Public Water System Name Happy Time

Public Water System No. 5103007

Public notification for the April 2016 bacteriological failure was performed by the following method:

_____ Posting in conspicuous locations throughout the area served by the water system.
Please indicate the date(s) the notice was posted: _____
